

PRESTWOOD residential homes Ltd

Environmental Policy

Prestwood Residential Homes Ltd is a Registered Home with 7 sites across the North Wales coast. We support people of all ages who have mental health problems or learning difficulties. Prestwood Residential Homes ensures that our Residents have access to high quality, value for money social care appropriate to their needs and that the Service Users, their carers or representatives are fully involved in the decisions that affect their lives.

We are committed that environmental awareness is at the forefront of the Company's mind. Prestwood Homes will promote the education and training necessary to ensure that all involved in the company are confident in their environmental responsibilities.

- We will ensure that we comply with all relevant regulations and environmental laws and follow the best practices.
- We will commit to the prevention of pollution and to minimise the impacts of our activities on the environment.
- We will commit ourselves to the continuous improvement of our environmental performance by setting objectives and targets against which our environmental performance can be measured.
- We will involve all our staff and clients in our policy and train them to ensure we can achieve our aims.
- We will continue to recycle and reuse all waste where appropriate on a weekly basis and each house will be involved in this.
- We will continue to monitor all utilities to ensure a reduction in our energy consumption throughout Prestwood in whichever way we can.
- We will develop and manage activities, which will make effective and efficient use of the land and of raw natural resources.
- **We will ensure Prestwood uses only ecologically and environmentally sound suppliers to provide office supplies for the company.**
